V1

I wish this sorrow had not come to me
If only You had spared me from this grief
Yet still this heavy heart
trampled and torn apart
Oh God, is holding on to who You are

CH1

Even now even now
I trust that You are good
Even now even now
My praise belongs to You

V2

Won't let this trouble cause me to forget
All of Your mercies, all Your faithfulness
Cause me to still rejoice
strengthen my weary voice
Oh God, You're all my hope and all my joy

CH2

Even now even now
I trust that You are good
Even now even now
My praise belongs to You
My praise belongs to You

BR

I will sing until I believe it
I will praise until I can feel it
Bless Your name for no other reason
I will praise You I will praise You

CH3

Even now even now
I trust that You are good
Even now even now
My praise belongs to You
My praise belongs to You
My praise belongs to You
